BOSTON PUBLIC SCHOOLS,
OFFICE OF BOARD OF SUPERINTENDENTS,
MASON STREET, July, 1914.

This document comprises the ninth list of candidates eligible for appointment to permanent positions in the public day schools of Boston, revised and completed to date. It contains the names of all candidates included in the list issued in July, 1913, who have not yet been appointed to permanent positions in the service, and whose certificates are still valid, with the exception of those who have asked that their names be omitted from the list. It also contains the names of persons entitled to a rating because they have successfully passed examinations held since that date, including Boston Normal School graduates of June, 1914, and the names of holders of valid certificates which have been restored upon application and in accordance with the rules of the School Committee.

Graduates of the Boston Normal School prior to June, 1914, whose names appeared in the "eighth list," and whose names are also entered in this list, have been regraded by the Board of Superintendents in accordance with the provision of the rules of the School Committee (section 141, paragraph 2), and their present ratings supersede those given in the previous list.

ELEMENTARY SCHOOL SPECIAL CERTIFICATES.

In this eligible list, in accordance with an order passed by the School Committee on July 1, 1912, the names of holders of the "Special" certificate, the certificate issued to graduates of the Boston Normal School who are graduates of a college or university approved by the Board of Superintendents, are combined with the names of holders of the Normal School, Class B, certificate.

VISITATION AND RE-RATING OF HOLDERS OF ELEMENTARY SCHOOL, CLASS A AND CLASS B, CERTIFICATES.

In accordance with the plan adopted by the Board of Superintendents in January, 1913, candidates for the Elementary School, Class A, and the Elementary School, Class B, certificates in the January, 1914, examinations who received a mark on their written examinations satisfactory to the Board of Superintendents, were personally visited in the class-room by a member of the Board of Superintendents, and the credit allowed such candidates for "Experience in Teaching" has been based in part upon this personal visitation.

Holders of the Elementary School, Class A and Class B, certificates whose names appeared on the eligible list for the year 1913-14, whose ratings were not based in part upon a personal inspection of their work in the class-room by a member of the Board of Superintendents, and who requested a visitation and a re-rating based thereon, have also been visited during the past year and have been re-rated on the results of such visits, in accordance with the order passed by the School Committee at its meeting of June 23, 1913. In some few cases the visits have not resulted in any change in the mark originally given for "Experience in Teaching."

The names of candidates who have been visited are starred (*) on the respective lists.

ASSISTANT NURSES.

This document also contains the list of candidates now eligible for appointment as assistant nurse in the public schools. The regulations of the School Committee with respect to the appointment, reappointment, tenure of office, and removal of teachers apply in general to nurses, and their certificates cease to be valid in accordance with the regulations governing the expiration and revocation of teachers' certificates of qualification.

APPOINTMENTS FROM THE ELIGIBLE LISTS AND AGE LIMITATIONS.

Except as provided in the following paragraph, no person may be appointed to a permanent position as a member of the supervising staff, or as a teacher in the public schools, whose name does not appear among the highest three of the names on the proper eligible list willing to accept such appointment, without regard to the dates on which the names were placed on said list; nor may any person be appointed in accordance with the provisions of this paragraph to take effect later than the thirtieth day of June following the fortieth birthday of such person. These restrictions, however, do not affect the promotion of a permanent teacher to a higher rank in a school of the same class as that in which the teacher is already employed; nor does the limitation as to age affect the promotion of permanent teachers to any position in the public schools, nor the validity of certificates issued prior to January 1, 1909.

APPOINTMENTS NOT GOVERNED BY ELIGIBLE LISTS.

Appointments as principal of a school or district, as director or assistant director of a special subject or department, as supervisor or assistant supervisor of a special subject or department, as teacher in the Normal School, as instructor of military drill, as medical inspector of special classes, as supervising nurse, as temporary teacher, as substitute, as special assistant in elementary schools, and as teacher in evening or continuation schools, or playgrounds, are not governed by the eligible lists.

DATES OF CERTIFICATE EXAMINATIONS.

The Board of Superintendents holds examinations of candidates for appointment as teachers in the public

schools during the week beginning with the last Monday of January in each year. These examinations are usually confined to candidates who desire certificates to teach in the day schools. Examinations for evening school certificates are usually held annually during the latter part of August or the early part of September.* Other examinations may be held whenever, in the opinion of the Superintendent, the needs of the schools require. Detailed information with regard to such examinations may be obtained in advance by application to the Secretary of the School Committee.

REMOVALS AND RESTORATIONS OF NAMES FROM AND TO ELIGIBLE LISTS.

The names of persons holding certificates which include certificates of a lower grade may, upon request, be included in the eligible list of such lower grade or grades according to the rating of such holders of certificates in their respective examinations, but they shall not be entitled to a higher rating on such lower list or lists by reason of their holding higher grade certificates.

The names of persons appointed to permanent positions in the day school service are removed from the eligible lists.

A person whose name appears upon the eligible lists may, upon request, have the same removed therefrom at any time, and may have it restored to the next eligible lists in June of any year during the life of the certificate, upon written application, with the same rating as before, or, if a graduate of the Boston Normal School, with such re-rating as the Board of Superintendents may determine; provided, that such restoration shall not affect the validity of the certificate and shall not operate to extend the original period for which the certificate is valid.

* The annual examinations for evening school certificates of qualification will be omitted in the fall of 1914.

The names of persons appointed as substitutes, temporary teachers, or special assistants in elementary schools, or as teachers in evening schools, in continuation schools, or in playgrounds, are not removed from their respective eligible lists because of such appointment.

The name of any person appearing on any eligible list who has failed of selection on five separate occasions when another person on said list has been selected and appointed, may be dropped from such list by action of the Board of Superintendents, and shall not be restored thereto except by another examination. The name of any person that has been on any eligible list six years shall be removed therefrom, and may be restored thereto only by examination. The name of any person appearing on any eligible list who has refused three offers of permanent employment shall, by action of the Board of Superintendents, be dropped from said list for the remainder of the current school year. Any person taking more than one examination of the same class shall be rated on the eligible list of that class solely on the results of the latest examination.

CHANGE IN RATING.

Persons whose names appear on any eligible list and who desire to have their ratings changed, may have this done by passing another examination.

NORMAL SCHOOL GRADUATES MAY OBTAIN RATING UPON OTHER LISTS.

Boston Normal School graduates may obtain positions on the regular Elementary, Class B, list by passing the prescribed examination. In that event they will be rated on the "Examined List" according to the results of such examination, and their names will be removed from the list of Normal School graduates.

EXPIRATION AND REVOCATION OF CERTIFICATES.

Certificates issued on examination after June 1, 1906, cease to be valid on the thirtieth day of June of the sixth year following the date of issue; provided, that no certificate shall remain valid after the thirtieth day of June next following the fortieth birthday of the holder thereof, except as hereinafter specified. This limitation as to age does not affect the validity of certificates issued prior to January 1, 1909, nor the validity of certificates which do not render the holders eligible for appointment to permanent positions as members of the supervising staff or as teachers in the public schools, nor the validity of certificates hereafter issued to permanent teachers in the public schools.

Certificates issued on examination prior to June 1, 1906, ceased to be valid on the thirtieth day of June of the second year following the date of issue, except as hereinafter provided.

* Certificates issued to graduates of the Boston Normal School prior to June 1, 1906, ceased to be valid June 30, 1912, except as hereinafter specified; provided, that the limitation as to age shall not affect the validity of certificates issued prior to January 1, 1909.

* Certificates issued to graduates of the Boston Normal School after June 1, 1906, cease to be valid on the thirtieth day of June of the sixth year following the date of issue, except as hereinafter provided.

Certificates issued on examination prior to June 1, 1906, and valid on that date by reason of renewal or of service in the Boston public schools, ceased to be valid June 30, 1908, except that regular high school certificates held by teachers serving during the year ending

* By action of the School Committee on April 22, 1912, the validity of Normal School certificates issued in June, 1906, and prior to that date, was extended to June 30, 1913, with the distinct understanding that under no circumstances shall the validity of other certificates as now determined by the rules be extended.

June 30, 1906, in permanent positions in the elementary day schools of Boston, ceased to be valid June 30, 1912, except as hereinafter provided.

The validity of certificates issued prior to June 1, 1906, which include positions in day schools of a different class, but which also include the position in which the holder thereof is employed, expired with respect to such day schools of a different class on June 30, 1912; nor shall the validity of any certificate issued after June 1, 1906, extend beyond the thirtieth day of June of the sixth year following the date of issue by reason of the service of the holder thereof in schools of a different class than that in which the holder is employed.

All certificates under which appointments are made to permanent positions in the day school service, and certificates of a higher grade, but including the position in which the holder thereof is employed, remain valid with respect to the class of schools in which the holder thereof is employed during the term of such service.

All certificates, except those under which appointments are made to permanent positions in the day school service, cease to be valid when the names of the holders are removed from the eligible lists.

Certificates VII., Elementary School, Class A, or VIII., Elementary School, Class B, or equivalent certificates issued prior to January 1, 1908, and held on that date by persons serving in permanent positions in the Parental School, remain valid during the term of such service.

Certificates under which appointments are made to permanent positions in the Parental School, under the same conditions governing appointments to similar positions in the public schools of the City of Boston, and certificates of higher grade, but including the position in which the holder thereof is employed, remain valid during the term of such service, so far as elementary school service is concerned.

Any certificate may be revoked by the Board of Superintendents if, in its opinion, the good of the service so demands.

TEMPORARY CERTIFICATES.

All certificates are non-renewable, but the Board of Superintendents may issue instead thereof temporary certificates to holders of regular certificates of qualification which are no longer valid, under such conditions as that Board may determine, which entitle the holders to serve in temporary positions of such rank and in such schools as are specified in the certificate.

These certificates are valid for such length of time as the Board of Superintendents may determine, but not beyond the thirtieth day of June of the sixth year following the date of issue.

A copy of the eligible lists, as soon as printed, is mailed to persons whose names appear thereon.

THORNTON D. APOLLONIO,
Secretary.
